Eaton Hotel, Birmingham

Brintons

The Eaton Hotel is located near to Birmingham city centre, close to Perrott's Folly and and the University of Birmingham. A unique, independent hotel with modern and stylish facilities, the Georgian property has 54 guest rooms and a fine dining restaurant.

Brintons worked with C&C Flooring Ltd to supply custom axminster carpet for the newly refurbished Regency Restaurant and Eaton Suite. A contemporary scroll design from Brintons Vector collection was chosen and recoloured in a neutral colour palette.

> This project was made simple through the partnership between the end user, contractor and manufacturer and direction from Ian Barton our representative from Brintons. We loved every minute of it.
