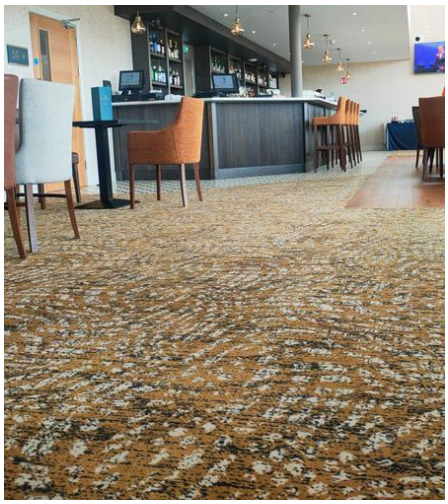
Ravenport Resort

Brintons



Set within an area of incredible natural beauty in County Wexford, Ravenport Resort is a stunning coastal hideaway near to Curracloe Beach that provides its guests with a unique opportunity to connect with nature.

Inspired by the hotel's coastal location, the team at Ravenport Resort chose carpet designs from Brintons Quickweave™ collection and recoloured them to suit the faded neutral toned colour palette of the hotel's interior using three palettes, Inception, Naturals and Sequence.

> For The Ravenport we wanted to create a modern yet earthy atmosphere throughout the interior and Eamonn and the team at Brintons got this. We were delighted with the designs created for the hotel and the quality of the carpets.

Quickweave™ offers a choice of hundreds of production ready designs that can be recoloured within set palettes to create semi-bespoke axminster carpet, ideal for projects that require a fast turnaround and/or smaller quantities.

The project was expertly installed by Carpet Centre, Wexford.

Project summary
