Brintons

At Brintons we believe in intentional design, quality product, and excellent service. For over 200 years, Brintons has remained the ultimate in wool rich woven floorcoverings including hand tufted rugs, Axminster broadloom, and Wilton carpets.

We have now expanded our offering to include 100% solution dyed nylon tufted carpets for guest rooms.

For any destination, at any budget, elevate guest experience with a distinct design from the Brintons Guest Room Kit.

hand tufted rugs

The Brintons hand tufted rug program has a unique ability to make a beautiful floor covering no matter what your design requirement or specification.

The actual manufacturing process of your rug starts with 100% wool yarn. A traditional cloth backing material is cut to size and stretched over a horizontal frame – ready for the tufting craftsman to begin creating your custom rug.

A Brintons hand tufted rug can be finished with a variety of design elements – cut and loop constructions to add texture, pops of various yarn types for contrast, shearing to maintain a uniform thickness, and hand carving to emphasize design lines. The possibilities are endless.

axminster

broadloom + rugs

Tried and true, an Axminster broadloom carpet for your guest room provides the warmth of a soft finish and the promise of a blank canvas. With Brintons High Definition Weave capability, choose up to 32 colors to create the cozy wool rich flooring masterpiece of your dreams.

The rise in hard surface flooring for guest rooms leaves little room for self expression. The key to weaving décor elements into a cohesive whole is a custom Axminster rug. Endless design possibilities allow for a custom Axminster rug to be transformative; making a bold statement or simply adding an acoustic layer to a space that deserves tranquility.

wilton

100% loop + cut & loop

Elevate guest experience with a plush all loop woven Wilton or play with different cut percentages to achieve luxurious texture rich guest room carpeting. These sophisticated textured options hide stains and provide much needed visual depth to minimal contemporary interiors. Harness harmony by repeating geometric and organic design elements in a different scale or bring the outdoors in with traditional florals and meandering botanicals. Choose combinations of 2 or 3 colors from over 500 tufts in our standard and neutral pom boxes to create your custom wilton carpet.

Brintons 100% wool Wilton allows designers to incorporate dynamic effects in high-quality guest room flooring offering unparalleled dimension and irresistible tactility.

machine tufted

colorpoint + infinity

Brintons machine tufted carpets are created when 100% solution dyed yarns are punched through a primary backing by a series of needles. This tufted substrate is then adhered to a secondary backing with premium latex adhesives to create the finished carpet. The Brintons Guest Room Kit provides access to two different tufting technologies catering to a variety of applications and budgets.

ColorPoint tufting technology allows for precise line work, complex textures and larger repeats using up to 6 different colors of cut or loop where Infinity tufting technology creates elegant patterns and controlled textures in combinations of 2 or 3 colors.

A Brintons machine tufted carpet marries the allure of cut and loop texture with the strength of 100% solution dyed nylon yarn produced in the USA - perfect for guest rooms.

working with us

From developing in-house Wilton technology to owning one of the largest design archives in the industry, Brintons continues to command recognition as a powerful creative source. Brintons fully commits to the concept of thinking globally and acting locally by operating with strategically placed account managers, project management, customer support, and design teams in each leading market worldwide.

The Brintons team strives to create exceptional products to meet the demand of any bespoke design brief and continues to surpass client expectations. By choosing to work with Brintons, you will have access to a unique global network of innovative design studios, talented field designers, and accomplished project managers.

From start to finish your project will be championed by a dedicated project manager who will guide you through the entire process from planning and estimating to installation and aftercare. Brintons is always available to provide you with the information and support you need to ensure your carpet retains its appearance and performs to specification.

For more information visit us at www.brintons.net or find inspiration on our Design Studio Online (DSO) at dso.brintons.net.

hand tufted rugs

HT550	pile yarn 100% wool
	backing materials primary cotton/polyester; secondary cotton, natural latex
	tuft density 33 per sq inch
	total carpet thickness 0.57 inches
