COLOR INNOVATION SERIES-TWO

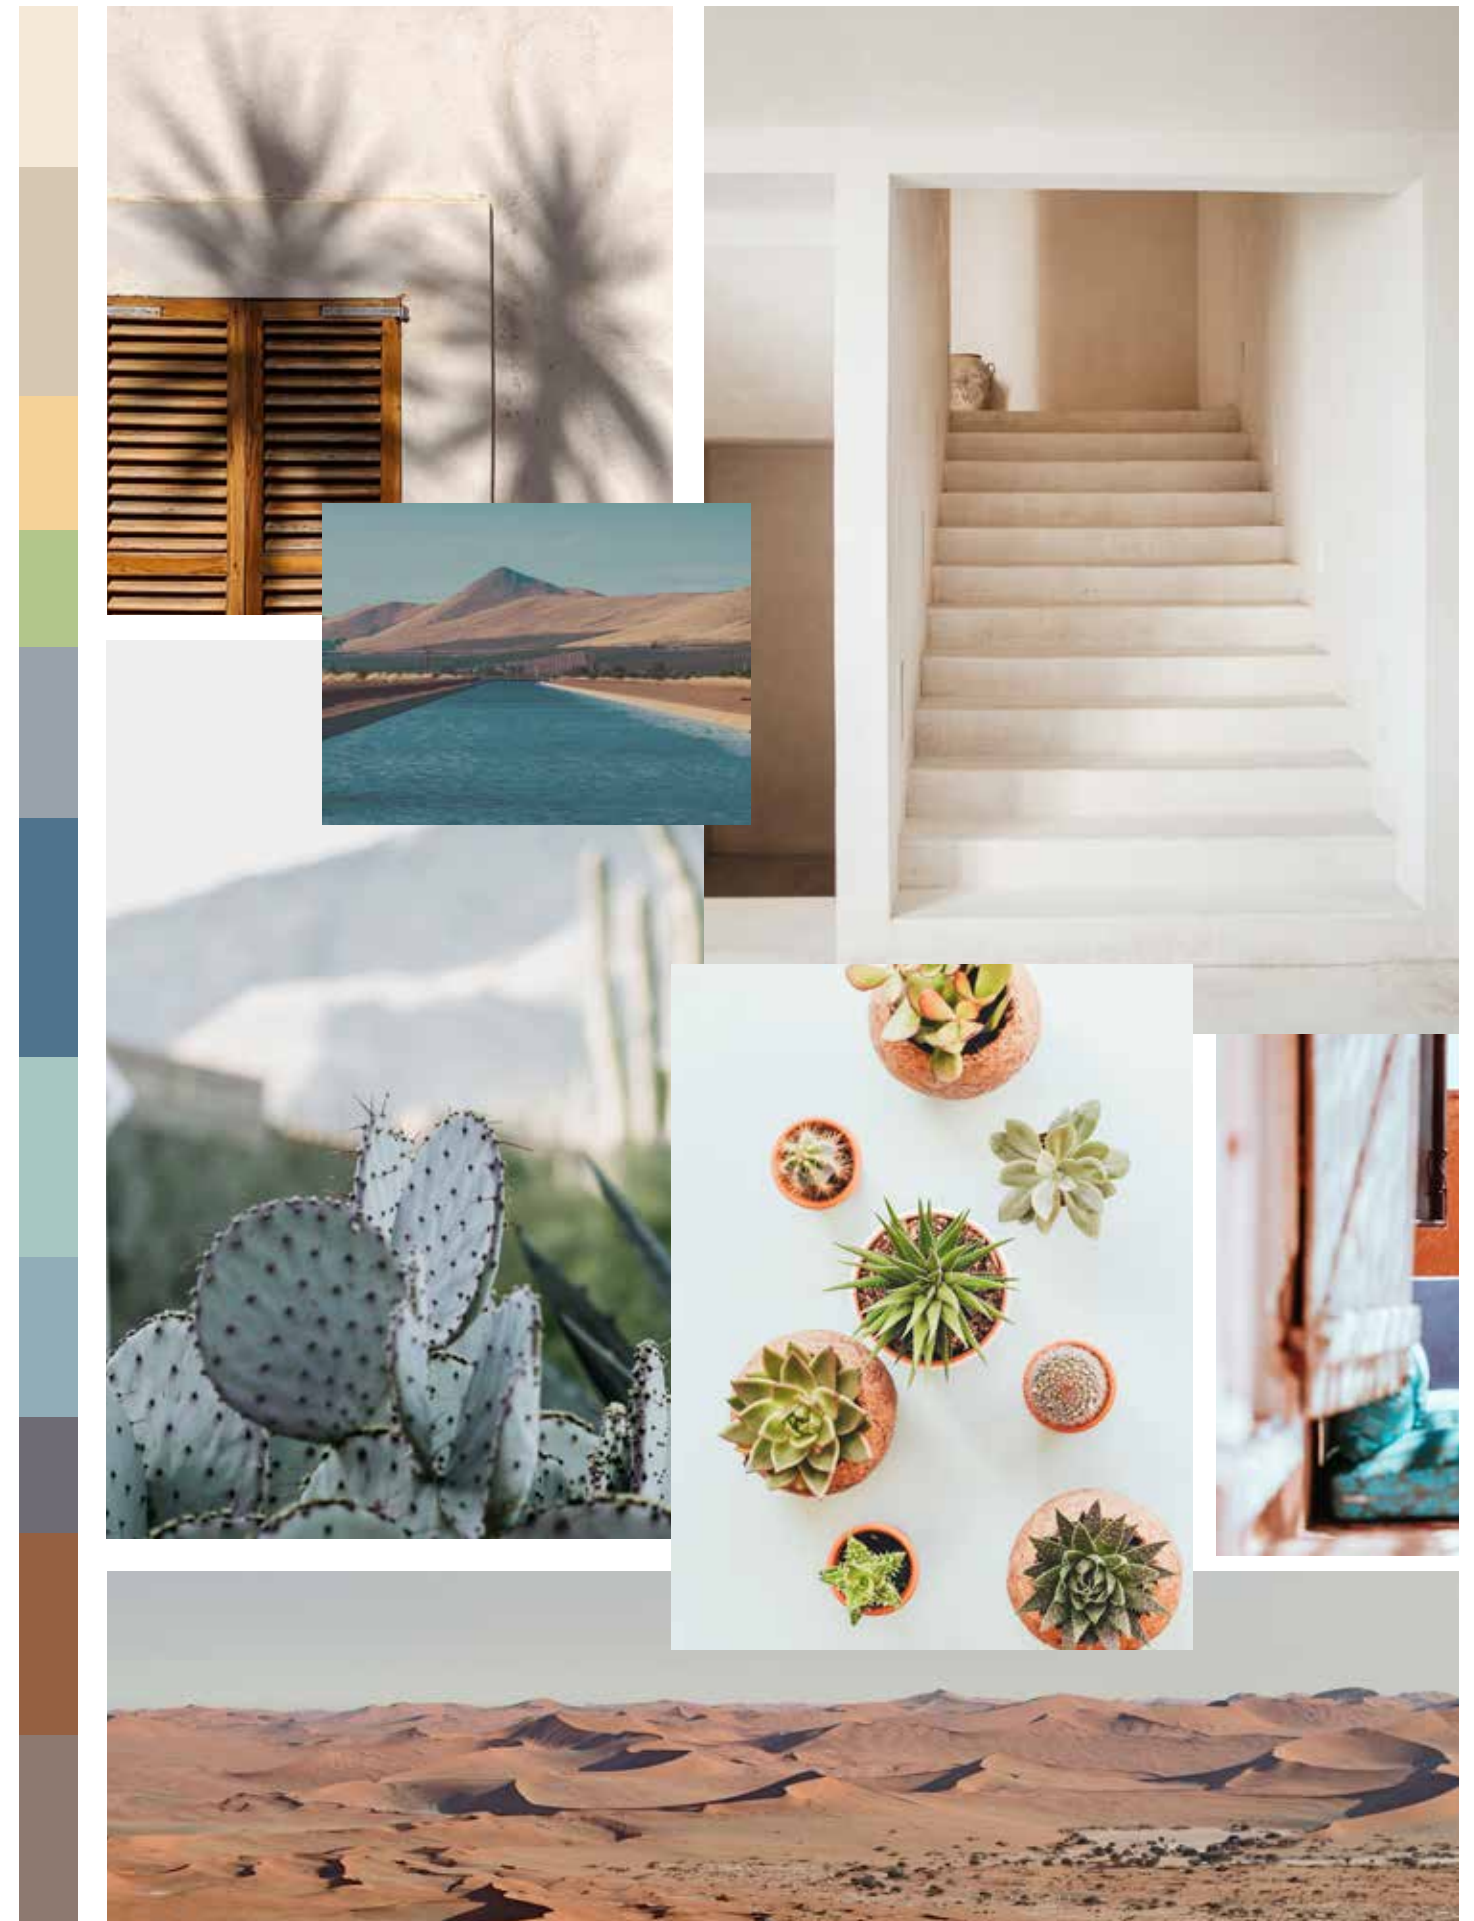

With a continued promise to offer fresh and innovative carpet solutions, Stacy Garcia introduces Part Two of her Color Innovation Series with Brintons. In this series you'll find patterns and color stories that whisk you away on a journey of earthly yet edited quietude, blissfully blended alongside designs that showcase the inevitable mix of technology and nature.

EDITED OASIS

Inspired by the nature of the desert and the modern architecture that surrounds it, *Edited Oasis* is anchored by a juxtaposition of textural and clean design elements. With a pared down, refreshing palette, escape and relaxation are closer than we think. Soothing, succulent greens and soft shades of blues are coupled with dusty peach and mauve. Sandy hues and the rich tones of warm amber shine through, while earthy neutrals reinforce the feeling of familiarity and quietude.

INTERWOVEN

Influenced by the inevitable blend of our digital and physical worlds, *Interwoven* is a trend driven by an appreciation of craft and a desire for digital detox. Falling somewhere between the realm of natural fibers and the technology of fiber optics, woven structures and glitchy patterns create a look that is both structured yet blended, rigid yet energetic. Interpreted in a warm, earthy palette, the mix of burnt sienna and ochre paired with vibrant jewel tones, such as, sapphire and ruby add richness and depth.
