

Brintons

Name: Manly Pacific Hotel, NSW, Australia
Details: Custom axminster carpets and wilton rugs
Client: Coco Republic
Images: Chris Warnes Photography

The Interior Design team at Coco Republic is renowned for their ability to transform interiors with timeless attraction and a customised bespoke approach. The partnership between Manly Pacific and Coco Republic has resulted in a complete transformation of the iconic hotel, with materiality, design details and furnishings mindfully selected to reflect the beauty of the coast.

Coco Republic engaged Brintons to develop a range of bespoke carpets and rugs for use throughout the hotel. The ocean-facing rooms feature Brintons luxurious 100% wool woven Wilton rugs, a cost-effective option compared to hand tufted rugs, and with a softer under-foot feel. The district-facing guest rooms, corridors and function spaces all feature bespoke woven Axminster.
