

Brintons

Project: The Corniche
Condominium

Details: 2,000 SY Axminster

Partnering with Alice Tamas Interior Design, Brintons produces 2,000 square yards of custom broadloom Axminster carpet and two loose lay rugs for the corridors and public spaces at The Corniche Condominium. Brintons woven Axminster carpet for multi-family properties is the uncontested flooring of choice, pairing precise design and color match with great underfoot comfort and noise reduction. This combination provides the perfect finish for busy corridors and public spaces.

"Their online design studio made it easy to create the designs while the entire Brintons team made the process delightful."
